LESSON SEQUENCE

Lesson Content / Indicators of Learning/ Teaching Strategies (What is Taught): - student skills - student concepts - student values - link with learning intentions - link with success criteria	Timing (mins)	Learning Experiences: (How it is taught) Write detailed steps showing what the teacher (T) will do and what students (Ss) will do. Include differentiation if applicable teaching strategies	Resources and Organisation:
INTRODUCTION	10 mins	Ill have them waiting outside the room and I will mark the role	- class list - whiteboard
I will get them into the room, check whether they have their equipment, and do a brief intro of what is to be expected while we cook, and what the right order of everything will be.	10 mins	and as their name is called ill check off whether they brought their equipment or not and ill give them a recipe. After everyone is seated ill go through some of the basic expectations and answer any questions about the task, then set them off to go	

DEVELOPMENT III leave them to cook with the expectation that they will also clean up and wash all equipment and leave the room the way we found it III leave them to cook with the expectation that they will also clean up and wash all equipment and leave the room the way we found it III leave them to cook with the expectation that they will also clean up and wash all equipment out. It will be a primarily self driven lesson, though I will be floating around to help and assist, as well as make sure everyone is following safe work practices. After they have cooked they can put their food in a container and then they can start cleaning up. After they are all cleaned up and everything has been properly put away they will then be able to go outside and eat their food III leave them to cook with the expectation that they one person from each group collect ingredients, and one person from each group collect ingredients.
